Medical Fair India 2026: 32nd Edition to Spotlight India's MedTech Manufacturing Ambitions and the Future of Healthcare in Mumbai

India's leading healthcare trade fair brings global MedTech innovation, hospital procurement leaders and a new Medical Manufacturing India platform to Mumbai

Mumbai, September 2026: Messe Düsseldorf India is set to host the **32nd edition of Medical Fair India**, India's No. 1 Trade Fair for Hospitals, Health Centres & Clinics, from **17-19 September 2026 at Hall 4, Bombay Exhibition Center, Mumbai**. The three-day international exhibition and conference will bring together **500+ exhibiting brands from 10+ countries**, creating a comprehensive platform for healthcare professionals, hospital procurement leaders, manufacturers, technology providers, distributors and other stakeholders to explore the latest innovations and solutions shaping India's healthcare ecosystem.

The 32nd edition comes at an important time for India's MedTech sector, which is emerging as a global powerhouse and moving from import reliance towards innovation-led growth through digital integration and strategic government initiatives. India's healthcare sector is among the country's fastest-growing industries, driven by demographic shifts, a growing disease burden and rising public investment. Against this backdrop, the healthcare industry is witnessing a transformation in medical technology, diagnostics and manufacturing capabilities, with a growing emphasis on building scalable and resilient domestic solutions.

A key highlight of **Medical Fair India 2026** will be the introduction of the **Medical Manufacturing India Pavilion & Conference** – a dedicated platform for **raw materials, components, machinery, services and MedTech manufacturing solutions**. The new segment reflects the growing importance of strengthening India's medical device manufacturing ecosystem and supply chain, while creating opportunities for manufacturers, technology providers, innovators and healthcare stakeholders to connect and explore new business possibilities.

The 2026 edition will also mark the **10th consecutive year of the Make in India Pavilion**, supported by the **Association of Indian Medical Device Industry (AiMeD)**, showcasing the increasing capabilities of Indian medical technology manufacturers.

Commenting on the growing importance of the platform, **Mr. Rajiv Nath, Managing Director of Hindustan Syringes & Medical Devices Ltd., Forum Coordinator at AiMeD and Chairman of the Advisory Committee for Medical Fair India 2026**, highlights the role of Medical Fair India in supporting the development of India's medical device industry. He notes that initiatives such as **Make in India** and **Atmanirbhar Bharat**

INDIA'S NO.1 TRADE FAIR FOR HOSPITALS, HEALTH CENTRES AND CLINICS

Abhiyaan are driving domestic manufacturing, while the trade fair continues to foster innovation and industry collaboration.

He is pleased to share that the show will feature introduction of new segment: Medical Manufacturing India Pavilion & Conference – a dedicated platform for Raw Materials, Components, Machinery, Services & MedTech Manufacturing Solutions. He congratulates all participants and warmly appreciates the Messe Düsseldorf India team for their continued contribution to the growth of India's healthcare industry.

Reflecting the same focus on innovation, manufacturing and collaboration, **Mr. Ajay Kumar Gulati, General Manager, Messe Düsseldorf India**, says, "The 32nd edition of Medical Fair India comes at an important time for India's healthcare and MedTech ecosystem, as the country moves decisively towards greater innovation, digitalisation and manufacturing capabilities. With Medical Manufacturing India making its debut alongside our established exhibition and conference platforms, this edition will create a stronger connection between healthcare providers, technology innovators, manufacturers and the wider MedTech supply chain. We look forward to welcoming the industry to Mumbai and providing a platform that enables meaningful business opportunities, knowledge exchange and collaboration, while contributing to the continued growth of India's healthcare sector."

Global Healthcare Innovation Meets Indian Market Opportunities

Medical Fair India 2026 will witness greater international participation, bringing together exhibitors and healthcare technology providers from **Brazil, China, Germany, India, Italy, Japan, Malaysia, Singapore, South Korea and United States of America.**

Spread across approximately **15,500 square metres of exhibition area**, the exhibition will showcase a wide range of products, technologies and solutions across **Medical Equipment & Devices, Medical Technology, Healthcare IT Systems & Solutions, Hospital & Healthcare Infrastructure, Pharmacy and Dispensary Equipment and Furniture, Disposables & Consumer Goods, Imaging & Diagnostics, Laboratory and Analytical Equipment and Products, Measuring & Testing Equipment, Life Sciences and Biotechnology, Rehabilitation, Orthopedic and Physiotherapy solutions and Components.**

The event will attract a diverse professional audience including **doctors and practicing physicians, veterinarians, dentists and dental surgeons, doctors and healthcare professionals from hospitals and medical establishments, physiotherapists and occupational therapists, hospital directors and managers, hospital administration teams, laboratory and biotechnology professionals, manufacturers, distributors and traders, academic and university representatives, government and international agencies and associations, and ophthalmologists.**

Connecting Healthcare Leaders, Procurement Decision-Makers and Innovators

With **500+ exhibiting brands, 300+ delegates and 4 conference platforms**, Medical Fair India 2026 will provide opportunities for meaningful business connections, knowledge exchange and collaboration.

A key focus of the Mumbai edition will be to **connect exhibitors with leading hospital procurement leaders**, enabling healthcare decision-makers to explore new technologies, products and solutions while creating opportunities for manufacturers and suppliers to develop new business relationships.

The flagship features continue to expand including the **RehaIndia Pavilion** for rehabilitation products, orthopedic aids, **Clin Lab - Diagnostica Pavilion** for IVD innovations, **FTR4H Pavilion** for Digital Health technology.

The exhibition will be complemented by four focused conference platforms addressing some of the most important developments shaping the future of healthcare.

Four Conference Platforms Addressing the Future of Healthcare

The **11th edition of the International Healthcare Conference**, in partnership with **Voice of Healthcare**, will explore the future of healthcare through themes including **Future-ready hospitals – digital infrastructure, AI & sustainable healthcare systems; precision diagnostics – genomics, AI pathology & next-generation labs; MedTech innovation – manufacturing, R&D & global partnerships; nursing leadership – capacity building & future care models; healthcare innovation – AI, digital health & the healthcare start-up ecosystem; cardiovascular care – awareness, prevention & digital cardiac engagement; and healthcare entrepreneurship – innovation pitches from emerging start-ups.**

The **10th edition of the Future for Health (FTR4H) Conference**, in partnership with **Wearable Technologies**, will focus on emerging technologies and their impact on healthcare, including **AI and data analytics, MedTech development and manufacturing in India, wearable healthcare and medical technology innovation, digital health and MedTech innovation, proactive care solutions and the future of hospitals through workflow automation and emerging technology integration**, and is open to all attendees.

The **2nd edition of the Healthcare Leadership & Nursing Excellence Summit**, in association with **Advance Media Group**, will bring together leaders around the themes of **Connecting leaders building the next generation of healthcare, India's roadmap towards intelligent and sustainable healthcare, designing intelligent hospitals, the CEO of tomorrow, the future of nursing leadership, precision healthcare, cardiovascular care, connected care and building trust in the digital age.**

INDIA'S NO.1 TRADE FAIR FOR HOSPITALS, HEALTH CENTRES AND CLINICS

The newly introduced **Medical Manufacturing India Conference**, which is open to all attendees, will address key issues across the MedTech manufacturing ecosystem, including **building blocks of medical devices such as polymers, components, manufacturing technologies and sub-assemblies; manufacturing polymer-based medical devices; new product innovations and opportunities for start-ups; and the development of India's IVD supply chain.**

Strong Industry and Institutional Support

Medical Fair India 2026 is supported by leading organisations across the healthcare and MedTech ecosystem. Key partners include **Hindustan Syringes & Medical Devices Ltd.** as Badge Partner, **J. Mitra & Co. Pvt. Ltd.** as IVD Partner, **Freudenberg Medical** as Associate Partner, **Ranish Impex Pvt. Ltd.** as Well Being Partner and **Frost & Sullivan** as Knowledge Partner.

The event is supported by prominent industry bodies and institutions including the **Association of Indian Medical Device Industry (AiMeD)**, **Association of Diagnostics Manufacturers of India (ADMI)**, **Association of Healthcare Providers – India (AHPI)**, **Andhra Pradesh MedTech Zone (AMTZ)**, **Asia Pacific Medical Technology Association (APACMed)**, **Bhabha Atomic Research Centre (BARC)**, **Atal Incubation Centre (AIC)**, **Consortium of Accredited Healthcare Organizations (CAHO)**, **Export Promotion Council for Medical Devices (EPCMD)**, **GLOBAL MEDTECH ADVOCACY & ADVISORY FORUM (GMAAF)**, **Quality and Accreditation Institute (QAI)**, **National Association of Software and Services Companies (NASSCOM)**, **National Accreditation Board for Testing and Calibration Laboratories (NABL)**, **Quality Council of India (QCI)**, **Society of Plastics Engineers (SPE)** and **Voice of Healthcare (VoH)**.

A Platform for India's Next Phase of Healthcare Growth

As India's healthcare sector continues to evolve through digitalisation, advanced diagnostics, domestic manufacturing and technology-led care, **Medical Fair India 2026 in Mumbai** will provide a meeting point for established industry leaders, healthcare decision-makers, manufacturers and emerging innovators.

By bringing together a large-scale exhibition, dedicated medical manufacturing platform and focused conferences on healthcare leadership, digital health, MedTech and innovation, the 32nd edition aims to strengthen business connections, encourage knowledge exchange and contribute to the continued development of India's healthcare and medical technology ecosystem.
