

Valve & Actuator Industry Professionals to Convene at the Inaugural Edition of Valve World Expo India in Mumbai

2-day Exhibition will host 70+ exhibitors showcasing the latest valve solutions, along with a comprehensive Summit program, Workshops and International Buyers' Roundtable

India – September 2024 – The inaugural edition of Valve World Expo India, the premier trade fair for industrial valves and related components, is set to take place from September 19-20, 2024 at the Bombay Exhibition Center. This focused event brings together industry leaders, experts, and innovators to explore the latest advancements and drive business growth.

A Niche Platform for Valve Professionals

Valve World Expo India offers a unique platform for visitors to discover cutting-edge solutions and technologies in valves, positioners, actuators, gaskets, castings, valve testing, engineering, software and related components. Valves find applications across major key industries including Energy - Oil & Gas, Power Generation, Petrochemicals/Chemicals, Water & Water Treatment. Under the relevant theme of 'Indian Valve Industry - For a Greener Tomorrow', Valve World Expo India will showcase solutions tailored to these industries' unique requirements.

An ideal platform for industry connections, the trade expo will bring together key decision-makers, manufacturers, suppliers, end-users, contractors, design engineers and distributors. Exhibits from 70+ leading brands such as *L&T Valves* (Platinum Partner), *G M Engineering* (Gold Partner), *Valve Tech Industries* (Gold Partner), *Rappid Valves India* (Silver Partner), *Susin I-Tork India* (Bronze Partner), *J D Jones & Company* (Tea & Coffee Partner), *Intervalve Poonawalla*, *Auma India*, *Velan Valves*, *Rotex*, *Advance Valves* and more, will make for an elaborate product showcase.

Global Hub for Valve Innovation and Networking

The trade fair will not only showcase the latest trends, industry standards and regulations, but will, also, present unparalleled opportunities for industry professionals to source reliable suppliers and partners. With participation & representation from international companies including those from Brazil, Canada, China, Czech Republic, Finland, France, Germany, Italy, Japan, Spain, Sweden and USA, the event is a must-visit for anyone looking for a variety of valve solutions.

Jointly organised by *Messe Düsseldorf India* and *Global Flow Control*, Valve World Expo India follows the legacy of Valve World Expo - that has been bringing together the global and regional valve industry in Düsseldorf (Germany) since 2010. The Valve World Expo has evolved into the largest trade fair for industrial valves, uniting 700 exhibitors from 40 countries. After successful launches in China, Singapore, and USA, the stage is now set for an exciting event in India.

A Comprehensive Program

Alongside the 2-day expo, the event also features a comprehensive schedule that includes:

- **Valve World Summit India:** Keynotes, technical sessions as well as panel discussions will deep dive into diverse and futuristic topics such as emerging energy landscape, role of water treatment technologies in developing Indian smart cities, supply chain, procurement & AML strategies, fugitive emissions and valve sealing technologies, *NPCIL's* vision for future NPP

deployment and more. The speaker line-up boasts of over 35 industry veterans including keynote speakers such as *Subramanian Sarma, Whole-Time Director and President (Energy) at Larsen & Toubro Hydrocarbons/Energy, S.K Saxena, Executive Director – Engineering at NPCIL, Shailesh Kumar Chief Executive Officer at VA Tech Wabag India* and more.

- **International Buyers’ Roundtable:** Creating the ideal backdrop for focused networking and for building strong alliances, the roundtable will host international buyers and end-users looking to explore business partnerships with potential suppliers of valves, actuators, and related components.
- **Workshops:** 7 specialised workshops, hosted by *L&T Valves, Auma India, Teadit, Valmet, Indian Valve and Actuator Manufacturers Association (IVAMA), simulationHub and Bermad*, will provide hands-on learning experiences to visitors on topics covering the applications of valves across industries.
- **IVAMA Hall of Fame:** The industry felicitation will celebrate achievements that have made a lasting impact.

Underlining the need of an integrated industry platform, *Ajay Kumar Gulati, General Manager – Messe Düsseldorf India* says, “As a leading global trade fair for industrial valves, Valve World Expo has been connecting industry professionals for over a decade in Düsseldorf. This year, we are delighted to bring this world-renowned event to India. The Indian valve industry, a major contributor to various key sectors, has been experiencing tremendous growth. With a line-up of engaging workshops, keynotes, technical sessions and extended product showcase, Valve World Expo India 2024 is set to host an unparalleled platform for knowledge and connections.”

Kay T. Creedon, CEO and Co-Founder - Global Flow Control shares insights on the needs of the industry, “The future presents vast opportunities for the Indian valve industry, with growth potential spanning across critical sectors such as power generation, oil and gas, energy, water management, chemicals, petrochemicals, and emerging new energy solutions. As India continues to expand its industrial base and infrastructure, the demand for advanced valve technologies is rapidly increasing, driven by the need for efficiency, safety, and sustainability. From renewable energy initiatives to large-scale infrastructure projects, the Indian valve sector is set to play a crucial role in the nation’s economic development. There has never been a more exciting or pivotal time to be involved in this dynamic and evolving industry, as it positions itself at the forefront of technological innovation and global competitiveness”.

Guided by an expert Advisory Board comprising of industry veterans and visionaries from leading end-users and manufacturing companies such as *L&T Valves, Reliance Industries, Honeywell, thyssenkrupp Uhde, Technip Energies, Worley, Advance Valves, Velan India, Fluor Corporation, Global Flow Control, Dorf Ketal Chemical, GNFC Deepak Nitrite, Mangalore Refinery, VA Tech Wabag*, Valve World Expo India will present solutions and innovations that the industry demands. The event is also supported by *Indian Valve and Actuator Manufacturers Association (IVAMA)*. With a strong panel of experts and stakeholders supporting the event, these 2 days are slated to create a history in the Indian Valve landscape.

Make your business flow

International Valve Trade Fair & Conference

19–20 September 2024

Hall 3, Bombay Exhibition Center
Mumbai, India

About the Organisers

Messe Düsseldorf India Pvt. Ltd. is a fully owned subsidiary of Messe Düsseldorf GmbH which is a global player both as a trade fair organiser and as a provider of trade fair-related services for exhibitors and visitors. Messe Düsseldorf India has been successfully staging established trade fairs like Medical Fair India, In-Store Asia, FAMDENT Shows & Awards, glasspex India, glasspro India, pacprocess & foodpex Mumbai, India Essen Welding & Cutting, wire India, Tube India, METEC India and ProWine Mumbai. Besides organizing successful trade fairs in India, the company is also the exclusive Sales representative of Messe Düsseldorf Group for the Indian Market and is canvassing Indian customers to Events of Messe Düsseldorf Group worldwide.

Global Flow Control is a data-driven, multi-vendor, subscription-based marketplace exclusively serving the flow control industry worldwide. It promotes both companies and their products (valves, actuators, positioners, pumps, pipes, fittings, instrumentation, flowmeters, etc.). The concept of Global Flow Control was born out of over 20 years of experience, serving the flow control industry in print media and event management. It was time to provide both manufacturers and buyers with a 24/7 platform where products can be showcased and sourced easily. The platform offers the community a host of features, including a marketplace, industry-relevant developments, events, buyer assistance portals, dashboards, advanced analytics, global tenders, projects, global contract awards, as well as daily global project news.
